

## FABRIC & LEATHER REPAIR **ADHESIVE**

### **DOG USE FEATURES & BENEFITS**

Tear Mender™ Fabric & Leather Adhesive is a truly unique adhesive that creates powerful bonds fast. Non-toxic and acid free, it can be safely applied to dog ears using your finger. Tear Mender is a convenient and effective alternative to using tape or bandages for shaping dog ears. It is waterproof and flexible ensuring a strong, reliable hold until removal is desired. **NOTE:** Ear position varies by breed and the dog's natural set, so be sure to **CONSULT A PROFESSIONAL OR BREED MANUAL** for proper positioning.

<b>FEATURES</b>	<b>BENEFITS</b>
<b>Bonds Fast</b>	Bonds created with Tear Mender set in about 30 seconds.
<b>Permanent &amp; Wash-proof</b>	Tear Mender holds strong until you want to remove it. The dog can be washed and groomed as usual. You can either let Tear Mender come out naturally with hair growth, or remove it according to our instructions.
<b>Non-Toxic &amp; Acid Free</b>	Tear Mender is safe for both the dog and its owner. It is more comfortable for the dog than traditional shaping methods.
<b>Easy to Use &amp; Clean-Up</b>	Tear Mender can be applied with the touch of a finger. It will not harm or leave residue on any finished surface - or on your skin. Simply transfer a little Tear Mender using your finger. Any remaining adhesive can simply be rubbed away, leaving only eraser-like crumbles to clean up.
<b>UV-Resistant &amp; Waterproof</b>	Tear Mender bonds can withstand the lifestyle of an active dog. Bonds are waterproof and will remain secure even after washing the dog.
<b>Bonds Stay Flexible</b>	Dog ears, dog toys, upholstery, apparel - whatever the use, Tear Mender bonds will stay as flexible as the item itself, never becoming stiff or brittle.
<b>Great Value</b>	Tear Mender can also be used to safely repair fabric dog toys, outfits, beds and damage to carpet and upholstery.
